

# 240S-A

# Solar Smart

## Key Features

### All-in-one solution

Includes aluminium pole with patented track system, solar panel, charge controller and batteries

### Off grid solution

When power is not available or not accessible

### Low Installation and running costs

No trenching or cabling required

### Superior security

Patented Rivlok security screw system

### Multi-function capability

Reduce visual clutter by installing CCTV, WiFi, Environmental sensors etc. on the pole

### Sustainably built

Aluminium pole - environmentally sustainable, corrosion resistant

### Future-Proof

Adaptable to future technologies

PRODUCT SPECIFICATIONS	
SOLAR PANEL RATING	315W
CLOUD COVERAGE (AUTONOMY)	5 days
LUMEN OUTPUT	4200 lumens
LUMINAIRE EFFICACY	140 LPW
COLOUR TEMPERATURE	4000K
ENERGY MANAGEMENT	Dusk to dawn, 4-hour/Dim or customisable on request
MAST DIAMETER	168 mm (round)
BASE	240 mm (square)
AVAILABLE HEIGHTS	5.5m
FINISH OPTIONS	Anodised or Powder coated
POLE MATERIAL	Marine Grade Structural Aluminium
MAST TRACK TYPE	Internal Structural
WARRANTY	5 year limited warranty

JAS-ANZ
